

Life on board a ship

# Life on board a ship

- Life on board a ship was hard for the sailors
- They had no fresh food
- They had to eat dried food and unclean water

# Cooking food

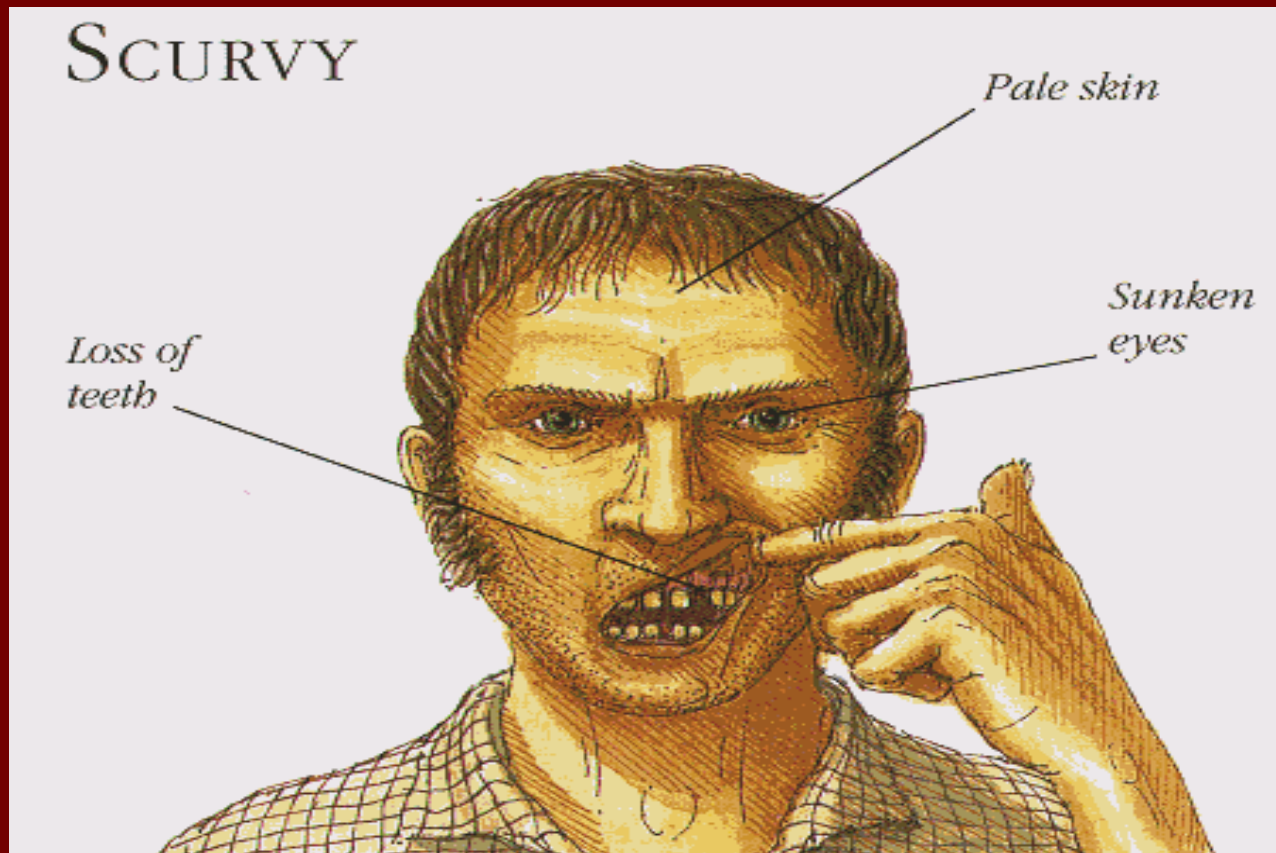

- Food was cooked in a metal firebox to stop the spread of fire

# Diseases

They got scurvy from the lack of fresh food

They got typhoid from drinking dirty water

The sailors also suffered from dehydration  
and sunburn

# Mice and Lice
